Career Objective

Computer Science graduate specializing in full-stack web development (MERN). Strong foundation in software engineering, problem-solving, and user-focused applications. Expanding expertise in cloud, DevOps, and AI-assisted development. Seeking opportunities to contribute as a full-stack developer and grow in dynamic teams.

Education

B.Sc. Computer Science — University Institute of Technology, Pirappancode, University of Kerala *Graduation: 2025* — **67% (CGPA 6.71)**

Biology Science (Higher Secondary) — Govt HSS, Elampa *Completed: 2022* — **86.75%**

Technical Skills

Full Stack Web Development:(MERN Stack) MongoDB, Express.js, React.js, Node.js

Cloud & DevOps: AWS (EC2, Hosting), Docker, Jenkins (CI/CD)

Tools: Git, GitHub, Jira

UI/UX Design: Figma, Design Thinking, UI Engineering

AI-Assisted Development: Prompt engineering, debugging, optimization

Soft Skills

- Leadership
- Teamwork
- Adaptability
- Critical Thinking
- Communication
- Time Management

Projects

Auction Elite (MERN) – Online auction platform with real-time bidding, product listing payment gateway and role based authentication.

Cloud Data Security Model – Research framework for secure cloud data sharing using V-GRT methodology, enhancing confidentiality and access control.

Courses & Certifications

- **Full Stack Development (MERN)** — ICT Academy of Kerala (Ongoing)
- **Figma Essential Training** — LinkedIn Learning
- **AI Aware & AI Appreciate** — LinkedIn/NASBA
- **Advanced Prompt Engineering** — LinkedIn

Achievements & Leadership

- **NSS Volunteer Convenor (2022–2025)** – Coordinated outreach programs, donation camps, and welfare activities.
- **Best NSS Volunteer Award (2025)** – Recognized for exceptional leadership and service.
- **Program Coordinator** – Organized college clubs, events, and orientation sessions.
